SHIPS RESUME TRIP

Evans' Fleet Passing Through a Wildly Picturesque Waterway.

SOON REACH VALPARAISO

Here Ships Will Run Close Inshore, Fire National Salute, After Which They Will Continue Their Voyage to Callao, Peru.

Punta Arenas, Straits of Magellan, Feb. 10.—The American battleships, accompanied by the torpedo boat flotilla, cleared from the harbor at 1 a. m. Saturday morning on their way through the western half of the strait to the Pacific coast of America.

Through the dangerous channels of the western portion of Magellan strait, navigating with extreme caution until Cape Pillar, the western point of the southern side of the strait had been left well behind, and the waters of the broad Pacific fairly entered, the American battleship and torpedo boat destroyer flotilla, now continue their remarkable cruise.

From Punto Arenas their course lies southward of Cape Forward, the southernmost point on the mainland of South America.

From Cape Forward the strait turns and extends 150 miles in a northwesterly direction. After Cape Pillar has been cleared, the battleships' prows will be turned northward and a course laid along the Chilean coast to a point off Valparaiso, and thence to Callao.

Following closely along the rocky coast of Chile the battleships in a week's time will find themselves off Valparaiso. Here they will run in close to the city and each will fire the national salute of twenty-one guns, after which they will continue their voyage to Callao, Peru.

That portion of Magellan strait through which the fleet is now passing is one of the most wildly picturesque waterways in the world and the American sailors will witness scenery that is excessively grand, and rugged.

Mountains, some of which attain a height of 7,000 feet, border the strait on both sides, the shores mostly are steep and glaciers descend nearly to the sea in some places and frequently crown precipices in others.

The currents are powerful and swift and the depth of the water is one of its remarkable features, in some places reaching 580 fathoms, or about 3,600 feet. The winds of the strait are never at rest. Pouring through the mountain ranges, they are suddenly powerful, uncertain in direction and usually freighted with squalls or snow. The gloom of the place is everpresent, accentuating the majesty of its scenery. When Cape Pillar has been passed, the vessels will be practically out of the strait. The only other land remaining in their path will be the Evangelist isles, twenty-three miles northwest of Cape Pillar. They consist of four rocky islets and some detached rocks, named thus by the early Spanish navigators.

After rounding the Evangelists the ships will have a clear track northward to Valparaiso and Callao.

SIX ITALIANS ARRESTED.

Are Held in Connection with Black Hand Operations.

Pittsburg, Pa., Feb. 10.—Six Italians arrested Friday in connection with alleged black hand operations against wealthy residents of Sewickley Heights, a fashionable suburb, were Saturday held for court. Two of the foreigners, known to the authorities, were held in $500 bail, but the four others, who are unknown, were refused bail.

W. H. Singer, the artist, one of the men threatened by the society, has leased his home at Sewickley Heights and removed to Pittsburg.

Sentenced to Twenty Years.

Chattanooga, Tenn., Feb. 10.—Sloy Cain, at Bristol, Tenn., was Friday morning sentenced to a term of twenty years in the penitentiary for the murder of Irby Davis, brother of Lilly Davis, for whose murder Ank Hale is now on trial at Johnson City, Tenn.

BOB ANDREWS FREED.

Jury Returned Verdict of Not Guilty and Asked for an Acquittal.

Selma, Ala., Feb. 10.—The jury in the case of Bob Andrews, charged with complicity in the murder of his stepmother, Pama Andrews, brought in a verdict at 4 o'clock Friday afternoon of "not guilty" and asked for an acquittal. The jury was out about three hours.

The case has been one of great interest. It will be remembered that on the night of Dec. 17, 1904, Bob Andrews and his brother, John Andrews, went to the home of their father, old man Jim Andrews, who lived with his young wife near Schuster, in Wilcox county, and on the same night, and within thirty minutes after their arrival the father and stepmother were both dead, the old man having been shot through the abdomen, dying instantly. His wife was shot three times in the back and then her throat was cut.

John Andrews, who, it is said did the shooting, is now serving a life sentence in the penitentiary.

Bob, it was alleged, was an accomplice, the prosecution claiming that he not only abetted his brother in planning the murder, but that Bob Andrews cut the throat of the woman after she had been shot.

The case was a hard-fought one, the best legal talent being engaged on both sides. The claim was made that old man Jim Andrews, who was worth considerable, having both money and lands, had given over his property to his young wife, and this the boys objected to, they being children by his first wife.

LATE KENTUCKY TRAGEDY.

Beach Hargis Says His Father Attempted to Assault Him.

Jackson, Ky., Feb. 10.—B. Hargis, who killed his father, Judge Jas. Hargis, has made a statement in which he said that his father attempted to assault him when he went into the store before the shooting. He was taken before County Judge Taulbee Friday, but the hearing was postponed until next Monday. He expresses no regret over the tragedy.

The funeral service took place Saturday at the home of Judge Hargis in Jackson, and was conducted by Rev. Caloway Cooper, a Baptist minister who lives in the country. This was the wish of the family, as Judge Hargis has often expressed the wish that Mr. Cooper perform this service.

TWO LOUISIANA HANGINGS.

Rope Broke with One Man, But He Was Strung Up Again.

Lake Charles, La., Feb. 10.—Albert West and Edward Williams, both negroes, were hanged in the parish jail here Friday evening.

West was hanged first. The rope broke when the trap was sprung, but he was quickly strung up again and soon strangled to death. Williams was hanged five minutes after West's body was cut down.

West was hanged for the murder of John Chaney, a white man, whom he chopped to death with an ax. He maintained to the last that he acted in self defense. Williams killed Alice Charles, a negro woman with whom he lived. He confessed his guilt.

Mayoralty Office Goes Begging.

Millen, Ga., Feb. 10.—At a meeting of the new council Thursday, S. W. Palmer, the newly elected mayor on an independent ticket, resigned. The council then elected Dr. H. Q. Bell, who has just served out his term of office. Dr. Bell is quite ill and it is not known if he will accept. He did not desire the office, and refused the nomination. Mr. Palmer also refused the nomination, but was elected over his protest, so the office of mayor at present, unlike most offices, "is going begging."

Jailer Brown Gives Bond.

Atlanta, Feb. 10.—James Brown, former night jailer of the Tower, who was indicted Thursday by the grand jury on the charge of aiding in the escape of Harper and Barton, has made bond. The warrant for his arrest was not issued until Friday, but before it was served Mr. Brown came voluntarily and made the $500 bail.

MOURN DEAD KING

Requiem Mass Held For the Late Spanish Ruler.

ST. JAMES' CHURCH, LONDON

Royal Family of England, Diplomatic Corps, Cabinet Ministers and Other Notables Present—Flags on British Warships Half-Masted.

London, Feb. 10.—King Edward and Queen Alexandra, the Prince of Wales and other members of the royal family, were present at a requiem mass Saturday afternoon in the Catholic church of St. James in Spanish Place for the late king and crown prince of Portugal.

The church, which was draped with crepe, was crowded with members of the diplomatic corps, cabinet ministers, high naval and military officers and other distinguished persons.

First Secretary John R. Carter represented the American embassy.

The demand for seats was so great that only those with special claims could be accommodated in the church.

The flags on the British warships in the naval ports were at half-mast in memory of the late King of Portugal who was an admiral of the British fleet.

INCIDENT IS DEPLORED.

Demonstration Against Professor Milukoff in Prussian Duma.

St. Petersburg, Feb. 10.—The demonstrations which took place in the duma Friday against Professor Paul Milukoff, leader of the constitutional democrats, arising from the ill-feeling created here by his recent lecture in New York on the political situation in Russia, engrosses the attention of the entire press of this city, which unites in deploring an incident which tends to create partisan enmity and endanger the chances of the duma's success. The occurrences of Friday probably will be followed up by a formal resolution censuring Professor Milukoff for lack of patriotism and unparliamentary conduct in visiting a foreign country to stir up a sentiment of hostility while occupying a responsible position in parliament.

In some quarters Professor Milukoff is advised to resign and seek vindication at the hands of his constituents, but this he has declined to do, and has announced his intention of insisting that the report of the commission on national defense at which strategic questions will be discussed, be read at a closed session of the duma.

Rome Municipal Race.

Rome, Ga., Feb. 10.—The municipal race is assuming definite shape since the withdrawal of Judge Gerry. T. W. Lipscomb, a prominent lawyer of this city, has taken Judge Gerry's place at the head of the "people's ticket," and will make the race.

Captain Thompson Hiles, whose name was before the people as a candidate prior to the mass meeting which nominated Judge Gerry, will announce for mayor, with a full ticket of councilmen.

Business Section Burns.

Tampa, Fla., Feb. 10.—Fire early Friday morning destroyed the business portion of Wauchula. Among the losers were the City Bakery, Prevett & Swindell, A. C. Clavel's store, A. & T. Millinery company's store, the Whitehurst pool room, Pittman's furniture store, Norman's store, City restaurant and Kelly's shoe store. The Palace River hotel, in course of erection, was damaged to the extent of $1,500, but was saved by hard work.

Patterson Makes Appointments.

Nashville, Tenn., Feb. 10.—Bennett D. Bell, of Sumner county, the judge of the ninth circuit court, has been appointed by Governor Patterson to be associate justice of the Tennessee court, succeeding John S. Wilkes, deceased. R. L. Peck, of Robertson county, attorney general of the ninth circuit, is appointed judge of that circuit, and W. M. Brandon, of Stewart county, succeeds to the attorney generalship.

OMNIBUS BILL.

Favorably Reported by Committee on War Claims to the House.

Washington, Feb. 10.—The omnibus bill, carrying a total allowance of $315,545 in payment of claims for stores and supplies furnished the army of the United States during the civil war; claims of volunteer officers for service pay and claims by churches, colleges and other eleemosynary societies was favorably reported to the house Friday by the committee on war claims, and was later taken up and passed by the house.

The bill as recomended includes appropriations for the following states in round numbers: Alabama $21,000, Florida $4,400, Georgia $17,159, Kentucky $1,500, Louisiana $21,000, Mississippi $29,400, North Carolina $1,200, South Carolina $900, Tennessee $79,700, Texas $1,100, Virginia $27,300, West Virginia $8,300. These adjudications conform to the finding by the court of claims under the provisions of the Bowman act.

KILLED HIS FATHER.

Son Afterwards Turned Weapon Upon Self and Died in Hospital.

Chicago, Feb. 10.—Wilhelm Williams, 22 years old, who shot and killed his father, John Williams, Friday night at their home at 4632 Ashland avenue, died Saturday in a hospital.

The tragedy was the result of a quarrel. Both men had been out of employment for several weeks. Friday the father returned from a search for work and found the young man at home partially intoxicated. He upbraided the son for not trying to get work, and the son thereupon drew a revolver and shot his father twice and then turned the weapon on himself.

MORSE TO RETURN.

Has Changed His Plans and Will Come Back to America.

Liverpool, Feb. 10.—C. W. Morse will leave here for New York on the steamer Etruria. This complete change in Mr. Morse's plans was caused by the receipt of a cablegram from New York. Mr. Morse arrived here Saturday morning on the Campania.

The message changing his plan was received at Queenstown or by wireless between Queenstown and Liverpool, and when he landed here, he informed a correspondent of the Associated Press that he was going to return instead of proceeding to the continent.

MRS. ANDERSON DEAD.

Was Widow of James Anderson, the Founder of Bristol, Tenn.

Nashville, Tenn., Feb. 10.—Mrs. Malinda Anderson, daughter of Rev. James King, pioneer and founder of Kings college, and widow of James R. Anderson, founder of Bristol, Tenn., and who has been known as the mother of Bristol, died in that city Friday morning in the eighty-seventh year of her age.

Won By Plurality of 13,447.

Baton Rouge, La., Feb. 10.—The official count of Louisiana's recent democratic primary elections, just issued, shows that a second election will be necessary for four offices. These are lieutenant governor, state auditor, state attorney general and registrar of land offices. Paul Lambremon and J. J. Bailey will be the contestants for lieutenant governor. The count shows that J. Y. Sanders won the contest for governor by a plurality of 13,447.

Salaries Are Fixed.

Washington, Feb. 10.—A joint resolution was adopted by the house of representatives giving to each of the two resident Philippine commissioners in congress the same salary of $7,500 enjoyed by members and senators, with an additional $2,000 each in lieu of mileage.

Dock Strike Continues.

Callao, Peru, Feb. 10.—The strike of the dock men of Callao continues, and the port is full of vessels awaiting to be unloaded. The wharves are crowded with merchandise, and already there has been a heavy loss in trade.

SHIP LONG OVERDUE

Fears Entertained as to Safety of the Eagle Point,

IS REPORTED AS DISABLED

Big Steamer of Philadelphia Trans-Atlantic Line Is Now Ten Days Overdue—May Have Encountered a Severe Storm.

Philadelphia, Feb. 10.—The Philadelphia trans-Atlantic line steamer Eagle Point, from London for this port, which was spoken in latitude 48, longitude 40, on Jan. 25th, with a broken shaft, has not since been heard from and there is some anxiety here as to the safety of the big steamer.

The Eagle Point is now ten days overdue. When sighted on Jan. 25, Captain Lloyd, the commander of the steamer, refused assistance. It is now feared the Eagle Point may have encountered some of the severe storms reported by incoming vessels and also may have run short of coal.

WAS LOST OR STOLEN.

Diamond, Necklace, valued at $10,000, Missed by Banker's Wife.

New York, Feb. 10.—Loss of a diamond necklace valued at $10,000 was reported to the police Friday night by Mrs. George F. Dominick, of East Fifty-Seventh street, wife of a banker.

Its owner believes it was either stolen by a clever thief in the crowd in front of the Metropolitan opera house or dropped by her on the icy pavement as she was alighting from a carriage there and picked up by some one. Search in the vicinity failed to disclose any trace of it. When Mrs. Dominick reached the opera house it is said she had the necklace on, having worn it at dinner and had not removed it on setting out for the opera. She also had it, she is certain, when she alighted from the carriage.

Entering the house among other fashionably cloaked women, she mechanically put her hand to her throat in an opening in her wrap and missed the diamonds.

LEFT THEM HER FORTUNE.

Old Nurse of Admiral Gherardi's Sons Wills Them Her Money.

New York, Feb. 10.—Bridget Staunton, who died Dec. 20, last, after spending the greater part of her seventy years in the employ of the family of the late Rear Admiral Bancroft Gherardi left her entire estate, valued at $8,000, with the exception of two small bequests to relatives, to be divided between the two sons of Admiral Gherardi, both of whom she nursed when they were children.

The old nurse's will, which has been filed for probate, recites the love she had for the two young men, whom she had seen grow to man's estate and the pride she took in their success. The elder, Lieutenant Walter R. Gherardi, U. S. N., is now aboard one of Admiral Evan's battleships, the younger, Bancroft Gherardi, living in New York.

REMARKABLE "WIRELESS."

Did Message Cross the Continent or Go Around the World?

Washington, Feb. 10.—A remarkable instance of wireless telegraph communication has been verified at the bureau of equipment, navy department.

A wireless station at Point Loma, near Sandiego, picked up the Connecticut then off the coast of Cuba, took down the message and also picked up a message being sent from the station at Pensacola, Fla. Experts are wondering whether the message went across the continent or in the other direction around the world.

The Gates Leave Wall Street.

New York, Feb. 10.—Rumors were circulated in Wall street Friday to the effect that Charles G. Gates, son of John W. Gates, had sold his seat on the stock exchange and that the street would no longer have either the elder or the younger Gates.

HOSPITAL ASS'N SHORT OF FUNDS

Earnest Appeal Made to Public to Render Financial Assistance.

EXPENSES EXCEED RECEIPTS

The Association Has Proved a Big Thing for Gainesville, and Blessing to Many Afflicted, and Those Interested Make Earnest Appeal.

An Open Letter to All Whom It May Concern:

Gainesville and Alachua County Hospital Association, lessees of the Odd Fellows' Sanitarium of this city, ask for subscriptions for maintenance. Facts and figures of general interest are herewith given to the public and no doubt the response will be liberal, as our people generally respond that way when it is necessary, and in this case it is so.

Gainesville and Alachua County Hospital Association, that noble institution that has been such a boon to the sick and suffering of Gainesville, Alachua county, and for many throughout the country, is in need of funds for the purpose of maintaining said hospital, and the following statement is made showing the receipts and expenditures, and full list of the officers of the association is herewith given:

Officers—W. W. Hampton, president; Chas. A. Colclough, first-vice-president; Dr. Andrew Sledd, second vice-president; H. E. Taylor, treasurer; Ferdinand Bayer, secretary.

Board of Trustees—Rev. T. P. Hay, chairman; Col. H. F. Dutton, Phillip Miller, Dr. F. P. Bullock, Geo. W. Hyde, C. C. Pedrick, Sam J. Burnett, J. B. Padgett, R. E. Davis, H. E. Taylor and B. F. Hampton.

Executive Committee—Rev. T. P. Hay, chairman; H. E. Taylor, B. F. Hampton, J. S. Bodiford, Christopher Matheson and Ferdinand Bayer.

Mrs. Susan Bradley, Superintendent of the Hospital—The management of the hospital is in the hands of the executive committee, and the superintendent, who is a graduate nurse. The association begs to remind the citizens of Gainesville and Alachua county of the following facts, and while it is not their intention to take up too much of your valuable time with a long account of the hospital, it is earnestly desired that you give the following your consideration:

The need of a hospital is unquestioned. No white person needing attention is refused admission, many patients pay nothing, many more pay less than the cost of keeping them. On account of charity cases and bad debts, our expenses exceed our earnings by $100 per month. No assistance is received from State, county or city funds. The Ladies' Aid Association of the hospital have come to our aid in the past four months and we have received from them about $440. This amount has kept us from closing the hospital, and we are now again confronted with an indebtedness of nearly $800, which will have to be paid as soon as possible as this amount is for provisions, labor, salaries, etc.

From September, 1906, to February, 1908, our receipts from all sources were $4,840, and expenditures for the same period were $5,578. The hospital's usefulness has been greatly extended by the addition of new furnishings, supplies, enlarged and improved operating-rooms and new and the latest improved operating tables and sterilizing outfit. With a corps of trained nurses under the supervision of the superintendent, we are in a position to take care of the sick and suffering with the same advantage as any of the larger hospitals in the State, but to keep this institution up to the standard will require your aid. As business men, we support our secret orders, our business organizations, and we must support our hospital.

It is felt that the above facts will lead many to make us an annual subscription, if only a small one; and you are invited to fill in and return at once the post-card which the secretary is mailing out, stating thereon what amount you are willing to subscribe for the year, payable cash, monthly, weekly or as it suits your convenience, and so aid us to secure a fixed income on which the management may rely, and help us pay off the indebtedness hanging over us. Unless you come to our aid, and that at once, we will be compelled to close the hospital, which would be a great calamity, not only to our city, but to the surrounding country as well.

Respectfully submitted,
GAINESVILLE AND ALACHUA COUNTY HOSPITAL ASSOCIATION.
Per FERDINAND BAYER, Sec.

We have authorized the above letter to be made public, and would greatly appreciate a liberal response.

GIRLS WHO WORK

Girls who work for their living are especially exposed to the dangers of organic feminine disorders. Standing all day, or sitting in cramped positions; walking to and from their places of employment in bad weather all tend to break down their delicate feminine organism.

No class of women are in need of greater assistance, and thousands of letters like the following demonstrate the fact that

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

restores the feminine system to a strong, healthy, normal condition.

Miss Abby F. Barrows, of Nelsonville, Ohio, writes to Mrs. Pinkham:

"I was very sick, had dull headaches, pain in my back, and a feminine weakness. I had been to several doctors and they did me no good. Lydia E. Pinkham's Vegetable Compound made me well and strong, and I can do most any kind of work. I am in better health than I ever was, and it is all due to your medicine."

Miss Lillian Ross, of 530 E. 84th St., New York, writes to Mrs. Pinkham:

"I had a female trouble, nervous headaches, and was tired all the time, and could not sleep. Lydia E. Pinkham's Vegetable Compound made me feel so much better that I hope every woman who suffers as I did will try it."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for feminine ills, and has positively cured thousands of women. Why don't you try it?

Mrs. Pinkham, Lynn, Mass., invites all sick women to write her for advice.

Of Interest to School Teachers.

Stetson University offers free tuition and free room rent up to the full limit of her dormitory capacity, and a reduction in the regular rate of board to all Florida teachers and prospective teachers who wish to take the review course during the spring term, beginning March 25th and continuing for nine weeks. This reduces the entire expenses to $35.

Reviews will be conducted in all of the branches required for any grade of teachers' certificates. A faculty of twenty-three instructors will conduct the work in the normal department.

The enrollment in these courses has increased five hundred and thirty-three per cent during the past two years.

A neat little bulletin has been issued by the university and anyone desiring detailed information concerning the normal school should write to A. L. L. Suhrie, Director of the School of Pedagogy, DeLand, Florida.

REAL ESTATE TRANSFERS.

The Market Takes a Spurt, and Several Transfers Made.

The real estate market seems to have taken a lively spurt within the past two or three days, as several important deals have been consummated.

W. M. Pepper has purchased from the College Park Company a handsome eight-room home in College Park, near the University, and will soon make his home there. The home is provided with all modern conveniences, and is one of the neatest in that section of the city.

J. Bloxham Dell has sold to John B. Dell the building on East Main street S. occupied by L. J. Burkhim, and has purchased for a home the McFarland cottage on Alachua avenue. He will have this cottage thoroughly overhauled, and proposes to make many improvements in the matter of sewerage, etc.

GOES AFTER GERMS.

How Hyomei Does Its Work in Curing Catarrh.

The natural way of curing disease is always the scientific way, and the scientific way of curing catarrh is the simple way, with Hyomei.

Catarrh is a germ disease and can be cured only by using Hyomei, the treatment that reaches and destroys all catarrhal germs.

Breathed through the neat pocket inhaler that comes with every outfit, the Hyomei medication reaches the most remote air cells of the nose, throat and lungs, going after the catarrh germs wherever present, destroying them and preventing their growth, thus curing the disease.

J. W. McCollum & Co. sell Hyomei under a guarantee to refund the money if it does not give satisfaction. Begin its use at once. The cost of a complete outfit is only $1.

THE GAINESVILLE BAND.

New Organization Practicing Regularly, and Manifesting Interest.

The newly organized Gainesville band—or at least the reorganization—are manifesting a great deal of interest in their work, and are rehearsing regularly. A number of the members own their instruments, are fairly well trained in music, with the result that it is not like teaching new men.

The new band expects to be in position to render a public concert in a few weeks.

BLOOD POISON

HUMILIATING-VILE-DESTRUCTIVE

The first symptom of Contagious Blood Poison is usually a little sore or ulcer, which is quickly followed by a red rash on the skin, swollen glands in the groin, falling hair, ulcerated mouth and throat, and often copper colored splotches on different parts of the body. As the blood becomes more fully contaminated with the poison, pustular eruptions and sores break out on the flesh, and in extreme cases the nerves and bones are attacked and the finger nails drop off. Then the sufferers find themselves diseased from head to foot with this humiliating, vile and destructive poison. No other disease is so highly contagious; many an innocent person has been inoculated by handling the clothing or using the toilet articles of an infected person. There is but one certain, reliable cure for Contagious Blood Poison, and that is S. S. S. It attacks the disease in the right way by going down into the circulation, and neutralizing and forcing out every particle of the poison. It makes the blood pure and rich, tones up the system, and completely and permanently cures this disease. S. S. S. has cured thousands of cases of Contagious Blood Poison. If you are suffering with this debasing and destructive disease begin the use of S. S. S. and get the poison out of your blood before it permanently wrecks your health. We have a home treatment book on the disease which we will send free to all who wish it, and in addition our physicians will give without charge any medical advice needed. THE FLORIDA WINTER CHAUTAUQUA

Gainesville, Florida, March 2nd to 15th, 1908.

The Chautauqua idea was one of the greatest thoughts which ever came to the mind of a man in the last century. It combines all the best features of the camp-meeting, institute which has in a large measure passed away, and adds to it many new features which are demanded, by the great times in which we live.

More and more, in these strenuous days, the people feel the need of a little recreation. Earnest people are not willing to waste time in a vacation which does not bring to them some intellectual uplift, hence the phenomenal growth of the Chautauqua idea.

More than five hundred Chautauquas are at work in the United States, and they will be visited by more than three million people. It brings to the people the best things in the entertainment line at insignificant expense. The program offered for this fifth Chautauqua session to the good people of Gainesville and surrounding country includes the best things which money can devise or money procure. Fifteen fourteen days of supreme enjoyment. It will add to the fame of Gainesville and will increase the exchange of the trades people of the community. in the visitors which will be attracted, and will be helpful in every way. Let every right-minded citizen of this community give this enterprise his loyal support and co-operation.

Many come to Gainesville for the sake of the Chautauqua. It lengthens the tourist season, and makes Gainesville in all sections a household word. Brief mention of the strong attractions which appear from day to day is given below:

Lecturers.

Hon. Adam Bede—The brilliant and witty Congressman from Minnesota, who has attained national reputation by his brilliant lectures. He is the life of the present House of Representatives. When it is known that he is to speak, the galleries are crowded to suffocation.

John DeWitt Miller—For twenty years one of the most eagerly sought after Chautauqua lecturers. Strong thoughtful, humorous.

Dr. Samuel Phelps LeLand—An old friend whom we had with us once to our great delight. He was expected last year but serious illness prevented his coming. He has in a great measure recovered his health and has given his promise to be with us for six lectures.

Dr. A. W. Lamar—One of the most brilliant lecturers that the South has produced.

Dr. W. K. Piner—For some years prominent in the new State of Oklahoma as a preacher and a lecturer; associated there with the great Chautauqua movement. A very brilliant preacher and lecturer. He has recently come into the Southland to make it his residence and is now a citizen of Florida.

E. A. Bestor—Prominently associated with the work at the Mother Chautauqua. A man who has made large study of Governmental questions.

Dr. Richard Wilkinson—Pastor of a great church in Augusta, Ga., formerly of New Orleans, where he won great renown. His lecture on "Robert E. Lee" is one of the gems of the American platform.

Dr. C. C. McLean—Comes with two beautifully illustrated lectures, bringing a stereopticon and a multitude of beautifully colored slides.

Rev. Charles William Sullivan—Is bright, sunshiny and entertaining. He has written and published several books which have had a wide sale. He has been immensely popular on the Chautauqua platform. He will conduct for us, at least for a week, the Bible studies in the morning and will also give one or two of his delightful lectures.

Music and Entertainments.

Otterbein Male Quartette and Bell Ringers—This quartette is newly organized. The voices are perfectly blended. They have been having a winter of unusual success, appearing in the best lecture courses in Northern cities.

The White Rose Orchestra—This is something we have never before had and yet we have yearned for the possibility of having instrumental music of some character.

Miss Bessie Brady—A charming soloist who sings her way into the hearts of all who hear her. She is simple and unaffected and in this lies her chief charm. She sings for the love of it.

Miss Margaret Dell Adams—A clever reader who does work which calls forth the admiration of all who listen.

Miss Cora Mel Patten—The gifted reader from Chicago will be with us for three readings. These are not of a miscellaneous character but as the program indicates, they are among the most prominent recent creations in our literature, coming from the pens of truly great authors.

Mrs. Maud McLane Stevens—A reader of rare power. Graduated from the Cumnock School of Oratory. Prof. Cumnock in a personal note says she is one of the most gifted pupils ever sent out from that institution and is certain to delight any audience she faces.

The American Vitagraph (with its wonderful moving pictures)—The memory of their great popularity for the last two years and the immense audiences which they drew is still with us. Every picture this year will be new.

Prof. and Mrs. C. Rucker Adams—They return once more, where they are so popular to direct the work in physical training and expression. They are so bright and capable and accommodating and they are certain, as usual, to have large and enthusiastic classes.

Dr. Carolyn Geisel and Assistant—The mere announcement of this name, so beloved in Gainesville, is all that needs to be said. This is one of the most important departments of the work which will be conducted.

Department of Instruction.

Biblical Exposition and Devotions—These will be held each morning under the guidance of splendidly equipped instructors. During a large share of the time, Dr. Charles William Sullivan will be in charge. No more capable and enthusiastic man can possibly be secured. He has entered into the secrets of the great book by prayer and diligent study. Both heart and lips have been touched and he will make the morning hour very full of profit.

These morning Biblical expositions will give the proper key-note to the day and will be filled with inspiration and uplift to the devout. Others will be called into service.

Woman's Temperance Union School of Methods. Miss Louise E. Hollister, Leader—We are very glad this year to introduce this school of methods for the sake of the noble women who wear the white ribbon and are accomplishing such vast work along temperance lines for "God, Home and Native Land."

School of Physical Education.

Prof. and Mrs. C. Rucker Adams of Chicago—Prof. and Mrs. Adams will give lectures and conduct classes in physical training during the first week of the Chautauqua at 10:30 each morning.

School of Health and Cooking—Last year this was a new department with us but won such instant recognition and was so productive of good that it is this year to be repeated and enlarged.

GUARDS IN NEW ARMORY.

Now Occupying Seminary Hall, and Will Have Fine Club Room.

The Gainesville Guards are now in their new armory, the old Seminary Hall, East Main street N., where they are preparing to have one of the neatest armories and club rooms in the State.

An officer of the company stated Saturday that the Guards would install an up-to-date gymnasium, a pool table, bowling alley, reading-room, etc., making it a place with the latest club features. Shower baths will also be installed, and in all the new place will be one of which the city, as well as the company, should feel proud.

There has been manifested in the affairs of the Guards a great deal of interest recently, and the boys seem to have taken on new life. At the last meeting of the company three new members were elected, and five applications for membership were received and referred to the proper committees.

Card of Thanks.

Editor Sun: Please allow me space through your valuable columns to thank my friends for their kindness and help, which was so generously given in the last suffering of my dear husband. May God bless them all.

Sincerely, MRS J. V. BROWN.

One of the Important Duties of Physicians and the Well-Informed of the World

is to learn as to the relative standing and reliability of the leading manufacturers of medicinal agents, as the most eminent physicians are the most careful as to the uniform quality and perfect purity of remedies prescribed by them, and it is well known to physicians and the Well-Informed generally that the California Fig Syrup Co., by reason of its correct methods and perfect equipment and the ethical character of its product has attained to the high standing in scientific and commercial circles which is accorded to successful and reliable houses only, and, therefore, that the name of the Company has become a guarantee of the excellence of its remedy.

TRUTH AND QUALITY

appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing, therefore we wish to call the attention of all who would enjoy good health, with its blessings, to the fact that it involves the question of right living with all the term implies. With proper knowledge of what is best each hour of recreation, of enjoyment, of contemplation and of effort may be made to contribute to that end and the use of medicines dispensed with generally to great advantage, but as in many instances a simple, wholesome remedy may be invaluable if taken at the proper time, the California Fig Syrup Co. feels that it is alike important to present truthfully the subject and to supply the one perfect laxative remedy which has won the appoval of physicians and the world-wide acceptance of the Well-Informed because of the excellence of the combination, known to all, and the original method of manufacture, which is known to the California Fig Syrup Co. only.

This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and has attained to world-wide acceptance as the most excellent of family laxatives, and as its pure laxative principles, obtained from Senna, are well known to physicians and the Well-Informed of the world to be the best of natural laxatives, we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of Syrup of Figs—and to get its beneficial effects always note, when purchasing, the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package, whether you simply call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna—as—Syrup of Figs and Elixir of Senna—is the one laxative remedy manufactured by the California Fig Syrup Co. and the same heretofore known by the name—Syrup of Figs—which has given satisfaction to millions. The genuine is for sale by all leading druggists throughout the United States in original packages of one size only, the regular price of which is fifty cents per bottle.

Every bottle is sold under the general guarantee of the Company, filed with the Secretary of Agriculture, at Washington, D. C., that the remedy is not adulterated or misbranded within the meaning of the Food and Drugs Act, June 30th, 1906.

"On the Corner"

THE INSTALMENT PLAN

Some have criticised the instalment business as a menace to our people. Such indeed it may become when families are loaded up with diamonds, books and other articles of more or less a luxurious nature, when the weekly or monthly payments become a burden and finally the family sense of honor is crushed beneath the load. But the good the instalment business does far outweighs the bad. It is a pleasant contemplation for us to think of the thousands of homes we have had a hand in the establishing. It is pleasant to think that in these cases we have worked hand in hand with Cupid, and that but for the instalment business as we have conducted it, many a man would have continued to live in a hall-bedroom, and many a pretty maid to have wasted the beauty of her youth in waiting—waiting for the man of her choice to make his fortune.

The Twice-a-Week Sun is an eight-page, forty-column paper, published every Monday and Thursday, and contains all the news of the week, local, State and general, and will be mailed, postage free, to any part of the United States or Canada, for $1.00 a year—in advance.

All advertising bills become due after first appearance of advertisement, unless otherwise stipulated in contract. Parties not known to us will be required to pay for advertising in advance. Address, THE DAILY SUN, GAINESVILLE, FLA.

According to the revision board, to spell well you must "spel" "wel."

If it is not important enough to advertise, its not worth calling it a "want."

And now they have turned him out and changed them into the re-Morseless banks.

The "worth-answering" want ads. are not all to appear next week—some of them appear today.

One of the serious blows for the Hughes candidacy is the declaration of Tim Woodruff for the Governor.

It took only fifteen minutes to read the King's speech to parliament. But then, you know, the kingship is not an elective job over there.

It will do young man Thaw good to stay in the insane asylum long enough—say ten years—to cool off and quit cigarettes and champagne.

The tariff on paper and wood pulp is declared by John Sharp Williams to be a "brain tax," and Republicans were unable to refute that proposition.

It is generally understood that Mr. Bryan would like to put the Tammany Tiger through a course of vegetarianism before the Denver convention.

The question of what to do with our Ex-Presidents will never have to bother Mr. Roosevelt so long as he has Jacob Riis to go around locating jobs for them.

Over eighty-seven millions of dollars of depositors' money is tied up in closed banks and trust companies in New York, and the Republicans proclaim they produced prosperity.

When a merchant feels like retrenching it would pay him better (of the two evils) to move to a smaller store rather than to cut down his advertising space. Of course, the right sort of merchant will do neither.

R. W. Storrs, editor of The De Funiak Breeze, will be a candidate for the Legislature from Walton county at the next primary. Mr. Storrs is especially well qualified for the office he aspires to, and the people of Walton county could not do better than elect him.

Osceola county, of which Kissimmee is the county seat, is now in the throes of a "wet" or "dry" election, the same having been called for March 9th. The county has been dry for the past two years, and the temperance people will do all in their power to keep it dry.

The Republican panic and business depression is reducing wages, and workingmen are hunting a job instead of the job hunting them. With men out of work wages naturally decline and consumption of luxuries, at least, decreases, and many even suffer for necessities. Are not these conditions good evidence that the high tariff does not insure prosperity, in spite of the boast of the Republican leaders that protection produces prosperity?

TARIFF PROTECTION SLIPS COG.

The highly tariff-protected glass industry is in a bad way, which indicates that too much protection is unfortunate for manufacturers or workmen. The issue of The National Glass Budget of January 25 contains notices of the bankruptcy of the Altoona, Kansas, Co-operative Glass Co. from inability to market goods produced, consisting chiefly of fruit jars. Then the old established Christiana factory at Wilmington, Delaware, is reported to have found it necessary to shut down owing to "inability to get cost out of its product." Also another factory in New Jersey "did not resume, and the responsible heads arrived at the conclusion that the plant could not be operated at a profit if the workingmen were to take a reduction of 66 2-3 per cent from the wages paid when the plant was last operated." From all over the country similar news of the breakdown of prosperity can be cited.

Still the Republican leaders continue to declare that the protective tariff produces prosperity, and to make sure that enough protection should be forthcoming to make the glass industry prosperous the tariff tax was increased so that as high as 108.37 per cent is paid on one kind and quality.

Similar conditions prevail in all the more highly-protected industries, from steel trust products to those of the pottery trust, and more than half of the protected workmen are without employment, and those that are fortunate enough to be working are being paid reduced wages. Meanwhile the trusts that control these highly-protected industries are holding up prices so that the public who consume their products receive but little concession in price. But the foreigners are benefited by the "dumping" of the surplus products at bargain prices on European markets.

Is it not about time that our people were offered some of these bargains? But they never will be as long as they support the Republican party in standing pat. To insure competition and reasonable prices for trust products the tariff must be reduced, or abolished, and that cannot be expected from Republican politicians who have repeatedly declared and will probably again declare in the forthcoming Republican national platform: "Protection which guards and develops our industries is a cardinal policy of the Republican party."

Referring to a recent "ruling" of the Florida Railroad Commission, The Lakeland News voices the sentiments of The Sun in the following words: "The Florida Railroad Commission has made an asinine ruling that the railroads cannot exchange mileage for advertising space in the newspapers. They might as well hold that a grocer or dry goods man must not sell goods to a publisher and accept advertising in payment. There are a great many things that the Railroad Commission could undertake for the benefit of the people in Florida, but they pass these matters of real importance by to interfere with a purely private business transaction with which neither they nor the public are concerned. So far as we are advised, the railroads are not paying the slightest attention to the ruling, and we do not believe it could be sustained in the courts."

Governor Hughes says he believes in a protective tariff, which probably accounts for his favoring a tariff commission, so that revising the tariff may be put off as long as possible. Why do all the Republican leaders refuse to at once reform the tariff that protects the trusts?

Beware of Ointments for Catarrh that Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surface. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and it is taken internally, acting directly upon the blood and mucous surface of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by druggists. Price, 75c. per bottle.

Take Hall's Family Pills for constipation.

The old saying that politics make strange bedfellows has again proved true, for Benjamin B. Odell, Jr., the former Republican boss of New York, has been called to lead the Hughes forces. But this is hardly more strange than that Teddy and Woodruff should be found in the same bed. The ways of New York politicians are past finding out, and the voters have shown they are heartily sick of them.

Col. I. E. Barwick is a candidate for State Senator from the district composed of DeSoto and Manatee counties and at present represented by Seantor J. H. Humphries. Col. Barwick has pledged himself to work for the division of DeSoto county in case he is elected, and it is probable that the anti-divisionists will prevail upon Senator Humphries to stand for re-election.

If your store is only half as big as that of your competitor, and you know more about advertising than he does, you are a better merchant than he is, and will soon be a bigger one.

Senator Aldrich seems to be the undisputed master of his Republican colleagues in the Senate, which shows that the trust boast of supremacy is well founded.

The chief trouble about the simple life seems to be that the average man does not earn enough to live it.

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's **Swamp-Root** is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp Root, and the address Binghamton, N. Y., on every bottle.

SHORT STATE ITEMS

Dr. C. L. Norton of Adrian, Mich., a passenger on a Pullman sleeper, was robbed of his gold watch, a portion of his wearing apparel and $400 in cash in Jacksonville Wednesday morning of last week.

The city council of Ocala at its last meeting received a petition to have the saloons close at 9 o'clock instead of 10 o'clock, remove all screens and limit the number to six. The matter was referred to the judiciary committee.

Judge Wills has sustained the demurrer of the county commissioners of Putnam county to the bill of complaint set up by Thos. H. Keating to set aside the local option election in that county of September 30th, and the county will remain dry.

Reports to the Chamber of Commerce of Key West are to the effect that there is actual starvation among the poorer classes of the city. It has been suggested that soup houses be established to furnish nourishment at least for women and children.

Samuel T. Fletcher of Tampa has brought suit against the Atlantic Coast Line Railway Company for $10,000. Colonel Fletcher alleges that he was cursed and assaulted on Fort Myers train No. 27 of the Atlantic Coast Line, between Plant City and Dover, by Conductor W. T. Miller, whom he alleges was drunk at the time. It is reported that Miller accused Fletcher of trying to beat his way on the train.

From January 20 to January 25th, inclusive, there were shipped from Plant City 178 refrigerators and about 25 open crates of strawberries. These refrigerators and crates carried 445 bushels or 14,240 quarts of berries. These berries were sold on the platform at an average of 16 cents a quart which shows the net receipts for the berry growers of Plant City for the week to be $2,278.40. If the season lasts fifteen weeks, and it will last longer than that this year, and if the average should hold up to the record of last week, the berry crop alone will bring to the growers of Plant City according to our figures $34,160.—Plant City Courier.

Compliment to Dr. Morris.

Rev. Robt. Hugh Morris, the Presbyterian minister who is now in charge of the Oak Lane Presbyterian church, Philadelphia, and who is here on a brief visit to the family of his brother, Geo. P. Morris, has been the "center of attraction" since his arrival here, so to speak. Hugh is virtually an Alachua county boy, having spent a great deal of his life at Waldo, and our people are naturally proud of him, for the record he has made, and for his excellent character.

Dr. Morris generously filled the pulpit of the First Presbyterian church in this city Sunday morning, and in the afternoon went to Starke, where he was formerly pastor of the Presbyterian church. At Starke he was honored by a union service at the Presbyterian church, when he delivered the sermon, and a regular love-feast followed.

Dr. Morris has many friends throughout this section, to whom he feels grateful for a loyal reception.

WANTED

Every Person in Gainesville to Know What Vinol is and How It is Made.

For some time we have recommended Vinol to the people of Gainesville as the best cod liver preparation and tonic reconstructor we have ever sold.

To prove the reliability and genuineness of this successful remedy and that it is in no sense a patent medicine, the people of Gainesville will find on every package of Vinol not only a statement of the ingredients Vinol contains, but an illustration in colors showing just how Vinol is made from fresh cods' livers and peptonate of iron, which is a needful constituent for the blood.

This proves in a very convincing manner to the people of Gainesville the origin from which Vinol derives its wonderful curative power, and that it is a real cod liver preparation made by a scientific process which eliminates the useless oil and retains all the active medicinal principles.

As a body-builder and strength-creator for old people, delicate children, weak, run-down persons, after sickness, and for chronic coughs, colds, bronchitis and all throat and lung troubles, Vinol is unexcelled.

Try it on our offer to return your money if it fails.—W. M. Johnson, Druggist, Gainesville, Florida.

A Stitch in Time

Will save nine. So will a bottle of Ballard's Horehound Syrup always kept on hand save many a spell of sickness. A sure cure for coughs, colds, bronchitis and whooping cough. Mrs. S.——, Hot Springs, Ark., writes: "I keep a bottle of Ballard's Horehound Syrup in my medicine chest, and thank my forethought many times. It has prevented many severe spells of sickness." Sold by W. M. Johnson.

First License Under New Law.

New York, Feb. 10.—First of its kind since the new law went into effect a license to marry was issued Friday at the city hall to a Japanese couple. Applicants were Kannosuke Kawanaka, a student of the Yale divinity school, and Miss Youki Kitamura, 23 years old, of New Haven. Both were born in Japan.

FUNERAL OF MRS. DUKE.

Relatives and Many Friends Followed Remains to Cemetery.

The funeral of Mrs. S. V. Duke, the sad death of whom occurred Saturday, was held from the residence on East Union street Sunday afternoon at 2 o'clock, Rev. S. B. Rogers of the First Baptist church conducting the services.

The funeral was largely attended, as the deceased had many friends in this city. The service was simple, but most impressive, Dr. Rogers making a beautiful talk.

There were many handsome floral decorations, which were brought by friends as loving tokens of respect. A large number also attended the services at the grave, and more would have gone had it not been for a misunderstanding regarding carriages. Many were unable to go to the cemetery on account of this.

Friends of the bereaved relatives sympathize with them deeply in this hour of trouble.

ARRESTED FOR LARCENY.

Dan Simmons, Colored, of Hamilton County, Taken Into Custody.

Sheriff L. W. Fennell has arrested Dan Simmons, colored, who is wanted by the authorities of Hamilton county upon a charge of larceny.

Sheriff Fennell received instructions, together with a description, a few days ago, and, as usual, proceeded to get busy. It was not long before he had his man behind the bars, and the authorities of Hamilton county were notified of the arrest.

An officer is expected in a day or two to take Simmons back to the scene of his alleged crime.

JUDGE MASON'S COURT.

Adolphus Drew, Colored, Held Under Bond for a Serious Charge.

Adolphus Drew, colored, was arraigned in Judge Mason's court Monday upon a charge of breaking and entering and was committed to jail in default of a bond of $250.

John Edmundson, another colored man who conducts a store in West Gainesville, was the prosecuting witness. He stated that Drew entered his store and attempted to get away with the contents of his cash drawer, amounting to about $65, but was frightened away.

Death of Aged Man.

Grant Worthington, eighty-one years of age, died at the home of his niece, Mrs. B. S. Bryant, East Gainesville.

Deceased was one of the oldest and most widely-known residents of this section, and a man very popular among his friends. He was a member of the Baptist Church, and the funeral service was conducted at the home by Rev. S. B. Rogers of the First Baptist church.

The remains were taken to Otter Creek, near which place the interment was held in the family burying-ground.

Court to Convene Today.

The second week of the special term of the circuit court, which adjourned Friday, will convene today at 9 o'clock, Judge Wills presiding.

As has already been stated, this special term is held for the purpose of clearing the civil docket, which has been congested for the past two or three years. It is understood that twenty-eight cases are docketed for disposition at this term, and the term will probably last for two weeks longer.

COURT DECIDED IN HIS FAVOR

Cooper Fought to Retain Formula Which Has Made a Fortune.

L. T. Cooper, the man who believes that 90 per cent. of all ill health of this generation is caused by stomach trouble, is fast winning a national faith in his theory. His claim is now admitted by a surprising number of people throughout the country, and he is gaining new adherents every day.

While speaking of his success in a recent interview, Mr. Cooper said: "I believed ten years ago that any one who could produce a formula that would thoroughly regulate the stomach would have a fortune. When I got hold of this formula I knew within six months that I was right, and that my fortune was made. I called the medicine Cooper's New Discovery, although I did not get up the formula. I have owned it, however, for over three years. I have had one lawsuit over it, which I won in the courts. When it was settled The Cooper Medicine Company became the only firm in the world that can prepare the medicine. The preparation has sold like wildfire wherever introduced. As I have said before, it is successful simply because it puts the stomach in perfect shape, then nature does the rest. There are any number of complaints never before associated with stomach trouble that the medicine has alleviated in thousands of cases."

Among statements obtained recently from users of this medicine that is arousing such universal discussion is one from Mrs. Emma Stanley, living in Chicago, at 713 Washington Boulevard, who said: "Perhaps I had the most complicated case that Mr. Cooper had to deal with. I was troubled for years with my stomach. I consulted with doctors and took many patent medicine preparations without result. My stomach was in such a wretched shape that I could not enjoy a meal that I ate.

"I was very nervous, and could hardly sleep; I had a roaring in my ears and dancing spots before my eyes. I felt very bad and weak. Then there was a very sore spot at the pit of my stomach that nearly set me wild.

"I heard about the Cooper medicine and decided to try it. I used four bottles, and the improvement in my case has been really wonderful. My nerves have been quieted, and I am so much improved that I feel like a new woman.

"I cannot say too much for these wonderful remedies, for they have made me well."

We sell the Cooper medicines and consider them well worth a trial by any one afflicted with chronic stomach trouble and its attendant diseases. —J. W. McCollum & Co.

FOUND CUTICURA INDISPENSABLE

For Her Children—Little Girls Suffered with Itching Eczema Which Simply Covered Back of Heads—Baby Had a Tender Skin, Too.

ALL PROMPTLY CURED BY "WONDERFUL OINTMENT"

"Some years ago my three little girls had a very bad form of eczema. Itching eruptions formed on the backs of their heads which were simply covered. Before I heard of Cuticura, I used to try almost everything, but they failed. Then my mother recommended the Cuticura Remedies. I washed my children's heads with Cuticura Soap and then applied the wonderful ointment, Cuticura. I did this four or five times and I can say that they have been entirely cured. I have another baby who is so plump that the folds of skin on his neck were broken and even bled. I used Cuticura Soap and Cuticura Ointment and the next morning the trouble had disappeared. I am using the Cuticura Remedies yet whenever any of my family have any sores. I can never recommend Cuticura sufficiently; it is indispensable in every home. I cannot find its equal. Mme. Napoleon Ducceppe, 41 Duluth St., Montreal, Que., May 21, 1907."

PAINFUL ULCER

On Foot for a Year. Healed by Two Sets of Cuticura

"I had an ulcer on my foot for a year or more and it was very painful as it was a running sore. I had a doctor, but his treatment did not heal it. About eight months ago I commenced to use Cuticura Soap, Cuticura Ointment, and Cuticura Pills. I used two sets and it is now all healed up. Mrs. E. F. Ryder, West Brewster, Mass., April 29, 1907."

Complete External and Internal Treatment for Every Humor of Infants, Children, and Adults consists of Cuticura Soap (25c.) to Cleanse the Skin, Cuticura Ointment (50c.) to Heal the Skin, and Cuticura Resolvent (50c.) (or in the form of Chocolate Coated Pills 25c. per vial of 60) to Purify the Blood. Sold throughout the world. Potter Drug & Chem. Corp., Sole Props., Boston, Mass.

Do You Open Your Mouth

Like a young bird and gulp down whatever food or medicine may be offered you? Or, do you want to know something of the composition and character of that which you take into your stomach whether as food or medicine?

Most intelligent and sensible people now-a-days insist on knowing what they employ whether as food or as medicine. Dr. Pierce believes they have a perfect right to *insist* upon such knowledge. So he publishes, broadcast and on each bottle-wrapper, what his medicines are made of and verifies it under oath. This he feels he can well afford to do because the more the ingredients of which his medicines are made are studied and understood the more will their superior curative virtues be appreciated.

For the cure of woman's peculiar weaknesses, irregularities and derangements, giving rise to frequent headaches, backache, dragging-down pain or distress in lower abdominal or pelvic region, accompanied, ofttimes, with a debilitating, pelvic, catarrhal drain and kindred symptoms of weakness, Dr. Pierce's Favorite Prescription is a most efficient remedy. It is equally effective in curing painful periods, in giving strength to nursing mothers and in preparing the system of the expectant mother for baby's coming, thus rendering childbirth safe and comparatively painless. The "Favorite Prescription" is a most potent, strengthening tonic to the general system and to the organs distinctly feminine in particular. It is also a soothing and invigorating nervine and cures nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, chorea or St. Vitus's dance, and other distressing nervous symptoms attendant upon functional and organic diseases of the distinctly feminine organs.

A host of medical authorities of all the several schools of practice, recommend each of the several ingredients of which "Favorite Prescription" is made for the cure of the diseases for which it is claimed to be a cure. You may read what they say *for yourself* by sending a postal card request for a *free* booklet of extracts from the leading authorities, to Dr. R. V. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y., and it will come to you by return post.

APPEARING OLD

Acts as a Bar to Profitable Employment.

You cannot afford to grow old.

In these days of strenuous competition it is necessary to maintain, as long as possible ones youthful appearance.

It is impossible to do this without retaining a luxurious growth of hair.

The presence of Dandruff indicates the presence of a burrowing germ which lives and thrives on the roots of the hair until it causes total baldness.

Newbro's Herpicide is the only known destroyer of this pest, and it is as effective as it is delightful to use

Herpicide makes an elegant hair dressing as well as Dandruff cure.

POLITICAL ANNOUNCEMENTS

FOR MARSHAL.

To the Voters of Gainesville—I take this method of announcing my candidacy for Marshal of the City of Gainesville. I have been on night work as an officer, protecting you and your interests while you were asleep, for about three years, and leave it to you as to whether I have performed my duty well, and with impartiality. I think I have been long enough at night work to be entitled to a day job, and if elected I promise you a faithful, impartial and efficient service. Yours for order, C. L. KITE.

I hereby announce myself a candidate for City Marshal in the election to be held on the 14th day of April, 1908. I promise if elected to endeavor to do the duties required by the ordinances as near as I possibly can, and I solicit the votes of all law-abiding citizens. Respectfully,

CHAS. PINKOSON.

I take this method of announcing my candidacy for re-election as City Marshal at the election April 14th, 1908. I have endeavored to perform my duty without fear or favor, and would appreciate the support of my fellow-citizens, promising the same attention to the duties of the office in the future as in the past. Thanking you for past support, and soliciting your votes at the coming election, I am, Very truly,

BEN T. ARNOW.

NEWS OF CITY AND COUNTY CONDENSED

"Feel languid, weak, run-down? Headache? Stomach "off?"—Just a plain case of lazy liver. Burdock Blood Bitters tones liver and stomach, promotes digestion, purifies the blood.

Among the prominent visitors to this city yesterday was Hon. Fred Cubberly of Cedar Key, collector of customs of the ports of Cedar Key and Port Inglis, and also a prominent attorney. Col. Cubberly reports Cedar Key in good condition, and says the oyster season is one of the best the dealers have ever enjoyed.

John O. LaFontisee, who is now connected with The Industrial Record, Jacksonville; made a brief visit to relatives in this city Sunday. Mr. LaFontisee, who is an old Gainesville boy and one of the most widely known and most competent newspaper men in the State, has many friends here, all of whom were glad to meet him again.

J. R. Feaster, one of the efficient road supervisors of the county, was in the city for a short time yesterday on business connected with the roads. Mr. Feaster had time to make mention of the fact that he will be a candidate for sheriff, and says he will make his announcement in a few days. He is well known and popular, and will no doubt make a good run.—Adv.

Mrs. W. H. Temple, wife of the unfortunate man who killed J. T. Chester at High Springs Friday, has arrived from Savannah, and will be here for the next few days. It is understood that the defendant will be given a preliminary hearing before Justice Bexley on Thursday of the present week. It will be necessary to take him back to High Springs, the scene of the unfortunate circumstance.

Among the prominent visitors to this city yesterday was Dr. Marsh of Pensacola, a well-known practicing physician, and father of Hon. F. W. Marsh, clerk of the United States court in Pensacola. Dr. Marsh had the pleasure of meeting several prominent men of the city, and expressed himself as being very much pleased at their hospitality. He was also impressed with Gainesville, which he stated was one of the most up-to-date little cities he had ever visited.

Even from the Mountains

Ballard's Snow Liniment is praised for the good it does. A sure cure for rheumatism and all pains. Wright W. Loving, Grand Junction, Colo., writes: "I used Ballard's Snow Liniment last winter for rheumatism and can recommend it as the best Liniment on the market. I thought, at the time I was taken down with this trouble, that it would be a week before I could get about, but on applying your Liniment several times during the night, I was about in 48 hours and well in three days." Sold by W. M. Johnson.

Growing Girls

Growing girls need care, advice and medicine, especially on reaching the age of puberty. A mother's tender care and words of caution will often accomplish wonders. As for medicine, a gentle, safe and reliable strengthening tonic is Wine of Cardui,

It will prevent and relieve pain, regulate the functions, clear the complexion and strengthen the constitution.

It is a valuable medicine for growing girls. It has tided thousands over a critical period, and saved them from years of suffering. It can never do harm and is sure to do good.

A relief or cure for all female disorders in girls and women.

At every druggist's in $1.00 bottles. Try it.

WINE OF CARDUI

Whiskey of Merit

THAT is the only kind we ever distilled and sold. That is why our whiskies sell over and over to the customer who was satisfied with the first order---and continues so---that is why we enjoy the confidence of thousands.

Whiskey is either pure or something else. We select all the grain carefully; use only pure water; age to full maturity in our own warehouses, and insist that our whiskies reach the customer in original packages. This protects us--protects the customer--safeguards our goods from invidious adulteration by middlemen.

Our whiskies have no equal for use in the sick room, being wholesome and tonicy to weak stomachs; they are the best to serve your friends, they will appreciate their purity and enjoy their rich mellow flavor. PHOTOGRAPHY.

Photography today is an economic and social necessity in every community. It maintains the memory and affections of family life through the picture it makes, and which we could not now do without. How often is regret expressed that no picture exists of some friend or relative who is no longer with us! Sometimes, indeed, the camera has to intrude upon the sacredness of the death chamber itself when relatives feel that a photograph in such circumstances is better than none at all. Do not procrastinate. Be wise and "secure the shadow ere the substance fades."

You can get a picture from locket to life-size at Smith's Studio.
